Ranpak®

The Paper Packaging Experts™

# PadPak® SR

## Superior Protection, **Versatile Application**

### Performance
Unique pad design offers optimal protection

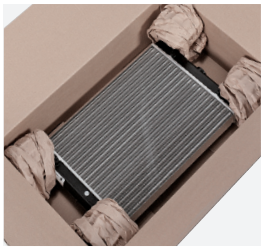

### Flexible
Multiple paper types, modes and accessories for versatile packaging

### Cost efficient
Less material needed to provide optimal protection

## The **best performing cushioning solution** for in the box **protective packaging**

The PadPak SR converts 2 or 3 layer paper into exceptional cushioning pads which can be used to protect fragile products during shipment or storage, using various techniques such as cushioning, fixating or blocking and bracing. The paper pad has an incredible shock absorbing capacity. By using this pad, up to 90% of the G-forces are decreased when a box drops on the floor, compared to other materials, leaving your product undamaged.

### Go Green

Our company works with FSC® certified suppliers. Paper is climate neutral, recyclable and also a renewable source.

## Specifications of the system

### Converter

- Dimensions: 94x176x110-163 cm horizontal position
- Dimensions: 94x100x193-225 cm vertical position
- Weight: 175 kg
- Power: 770 Watt
- Voltage: 230 Volt

### Paper

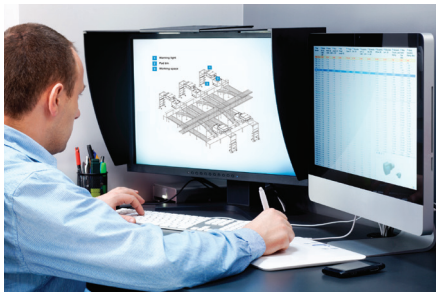

- Base weight: 50/50 gr/m², 50/70 gr/m², 70/70 gr/m², 50/50/50 gr/m², 50/70/50 gr/m², Ecoline 70/75 gr/m²
- Roll length: various, on request
- Roll weight: various, on request
- Paper width: 76 cm

## Our Added Value

### Packaging Engineering

Ranpak analyses and reports on your current packaging solution. The drop test shows exactly how much shock is transmitted to your products through the packaging. Ranpak then suggests alternatives how to improve protection or save costs.

### Integrated Applications

The Ranpak Added Value department can design structures, frames and other innovative solutions to integrate the packaging converter anywhere around, above or under a packing area.

### Packaging Training

Training from our packaging experts will help your packers to use up to 20% less packing material, without compromising the quality of the packaging.

## Successful in these industries
